PROFILE

A highly motivated Computer Science undergraduate at NSBM University (expected 2028) with a strong foundation in full-stack development. Proficient in building robust, scalable web applications using Java, Spring Boot, React, and MySQL. Experienced in delivering end-to-end solutions, from e-commerce platforms to enterprise management systems. Passionate about writing clean code and applying usability heuristics to create intuitive, user-centric digital experiences

WORK EXPERIENCE

PharmaCare: Local Pharmacy Stock & Delivery System 2024- 2025

Tech Stack: Java 21, Spring Boot, Spring Security (JWT), MySQL, WebSockets. Developed a secure, multi-role e-commerce platform for local pharmacy management and delivery. Implemented JWT-based authentication to manage distinct access for customers, pharmacists, delivery staff, and admins. Engineered features for digital prescription uploads, real-time order tracking, and centralized inventory monitoring.

CareConnect: Disaster Relief Support System 2025- 2025

Tech Stack: Java 17, Spring Boot, MySQL, WebSockets, JavaScript, Leaflet.js. Built a crisis coordination platform to efficiently connect displaced persons, donors, and government officials. Integrated Leaflet.js to create a live, geographic operations map tracking help requests and active donors. Developed real-time chat functionality, dynamic donation processing, and a comprehensive resource allocation dashboard.

Teckzuno: E-Business Store Platform 2026- NOW

Tech Stack: Java 17, Spring Boot, Spring Security (JWT), MySQL, WebSockets, Google OAuth2, Vanilla JavaScript. Built a responsive, full-stack e-commerce application featuring secure JWT-based authentication and Google OAuth2 integration for streamlined user access. Developed a dynamic product catalog with a real-time "in-stock" search autocomplete. Engineered a shopping cart and checkout system that automatically routes order confirmations and details through WhatsApp. Created a user order tracking interface equipped with printable HTML invoice generation. Implemented an interactive customer support chat widget, a dynamic dark/light theme toggle, and a dedicated Admin dashboard for managing inventory and sales analytics.

EDUCATION

G.C.E (A/L) Examination 2023

Ananda Sasthralaya Mathugama
Physics - S

Combined Mathematics - C

Information and Communication Technology - B 2025 - 2029

BSc (Honours) in Computer Science 2024 - 2028
NSBM Green University
